

PROJECT+

Project+ is a voluntary internship opportunity at eMi². It includes a week-long design trip to a project site in India followed by 2-3 weeks at our Delhi office.

Through your time with us, you will have the opportunity to work alongside internationally trained engineers and architects to grow in your professional skills and serve people in need.

[GROW PROFESSIONALLY
SERVE PEOPLE IN NEED]

We offer internships in architecture, civil engineering, water engineering, surveying, and construction management.

email us at intern@emi2.org.
